

ID	Project Idea	Green Dots	Red Dots
B1	<p>Improve circulation into and out of the Tualatin Community Park Right In/Right Out access to dog park/community park Look at all 3 park entrances – congestion issues, seniors going to exercise classes Concerned about implementation. It's important to look more at it and see what the options are. More discussion needed. Do not change road in park. Add lights to get out of park during rush hour.</p>	4	2
B3	<p>Add an eastbound lane on Tualatin-Sherwood Rd from Martinazzi to I-5 Good idea. Needs more discussion. Need to involve the two property owners in discussion (also A5a and A5b). There is room near Jack in the Box</p>	1	
B7	<p>Replace/widen Boones Ferry Road bridge over Tualatin River Important. Makes sense</p>	9	
B9	<p>Widen Boones Ferry Rd Related to B7 (widening). The choke point is the two lane section. This is needed for circulation. McLain already uses it as major truck through way. We don't want this to be a route for trucks going through downtown and near the community park. It would impact downtown and livability.</p>	3	1
B10	<p>Widen Tualatin-Sherwood Rd through downtown Property impacts. Not sure widening would help improve circulation.</p>		8
C1	<p>Build a trail from Boones Ferry to downtown core along river and extend to the greenway Great idea. Crossing at I-5 would be challenge.</p>	3	
C2	<p>Provide north-south connectivity over Tualatin River for vehicles Needs discussion – where would it go?</p>	3	4
C4	<p>Create a grid system near the Kmart upon redevelopment with a connection to Seneca Will never happen. Impact to City Hall is big problem – voters rejected a bond to build a new city hall recently. Ability to implement should be empty circle. This would be hard to implement</p>		4
C5	<p>Improve downtown core street connectivity This project is not clear. Don't understand how this would be implemented. More discussion needed. Don't always need roads to connect.</p>		3
